Our VISION

- Global Local Human Development Spirit: Practice and Stance
- ICA Taiwan Evolving Organism

- Expanding our Learning and Engagement Communities
- Viable Income Streams
- Current Core ICA Taiwan Healthy and Active By Choice

Our MISSION:

We are a research, training and demonstration group which, in collaboration with our clients and partners, continually learns and integrates diverse knowledge and processes for desired change. ICA programs are highly participative in nature and may be facilitated in collaboration with specialized partner organizations. Our three major arenas of service are:

- Organizational and Individual Transformation
- Participatory Methods and Facilitation Skills
- Community Building For positive and futuric Social Change

PURPOSE:

VALUES : We believe in-

Help people discover their vision and provide processes to move toward it effectively

Broaden perspective to include global care on behalf of

PRINCIPLES:

- Community building
- Taking responsibility for your own development
- On behalf of
- People of the questions; not answers but supporting the exploration of what the care for the world and the people is being called for.
